Profile Summary

Fueled by a passion for using data to solve real-world challenges, I possess a strong academic foundation and versatile skills in data analysis, visualization, and programming. I am eager to apply my knowledge in impactful projects and committed to continuous learning.

Key Skills

- **Data Analysis:** SQL, Python (Pandas, NumPy), Excel

- **Visualization & BI:** Power BI, Tableau, Matplotlib, Seaborn

- **Programming & Databases:** Python, R, SQL

- **Tools:** Git, GitHub, Jupyter, VS Code

- **Soft Skills:** Problem Solving, Teamwork, Communication

Education

Master of Computer Applications (MCA) — GNIOT Group of Institutions, Greater Noida
Currently pursuing
2024–2026

Bachelor of Computer Applications (BCA) — Vinoba Bhave University
CGPA: 7.13
2021–2024

Intermediate (12th)
Percentage: 72%
2021

High School (10th)
Percentage: 82.8%
2019

Projects

Sales Data Analysis (Data Analytics Project) — 2 Months

- Performed exploratory data analysis (EDA) on a sales dataset using Python (Pandas, NumPy).
- Created dashboards in Power BI and Tableau to track KPIs (revenue, growth trends).
- Automated reporting with Python, reducing manual effort by 30%.
- Improved decision-making by identifying top-performing products and regions.

Portfolio Website — 1 Month

- Developed a responsive website showcasing skills and projects.
- Optimized loading performance by 30% and ensured cross-browser compatibility.

Certifications

- Python Using AI Workshop – AI For Techies (May 2025)
- Data Visualization in Python
- Debugging with AI Tools

Other Details

- Languages: English, Hindi, Urdu
